Improve your personality with self-awareness, confidence, and continuous development. Manage time well and enhance social skills through networking. For interactive presentations, tailor content to the audience, practice thoroughly, use multimedia, and seek feedback for ongoing improvement.

### Course Objective:

- Students will develop self-awareness and confidence through practical exercises and self-reflection activities.
- Students will enhance their verbal and non-verbal communication skills to effectively express their ideas.
- Students will build social and networking skills to form and maintain professional relationships.
- Students will master the art of tailoring presentation content to specific audiences for maximum engagement.
- Students will practice and refine their presentation delivery, including the use of multimedia tools and strong body language.

### Course Outcomes:

**CO1:** Communicate effectively with enhanced verbal and non-verbal skills.
**CO2:** Express themselves confidently and clearly in various professional contexts.
**CO3:** Approach real-life situations and interviews with confidence and competence.
**CO4:** Understand and apply the basic principles of effective presentation and interpersonal skills..
**CO5:** Deliver engaging and well-structured presentations, incorporating multimedia and strong body language techniques
